

J'apprends  
à dessiner  
les animaux  
de la ferme

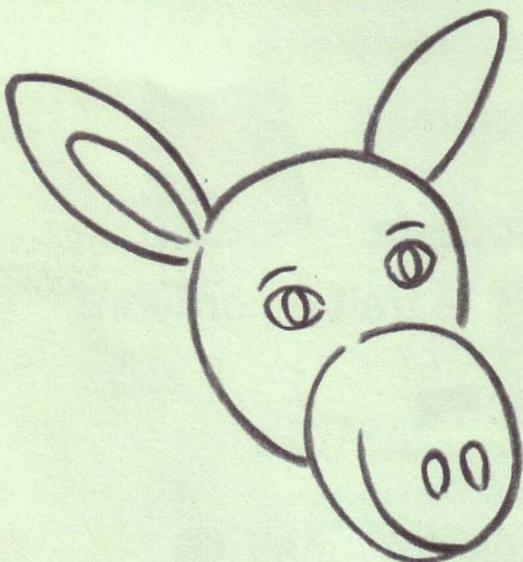

# L'âne

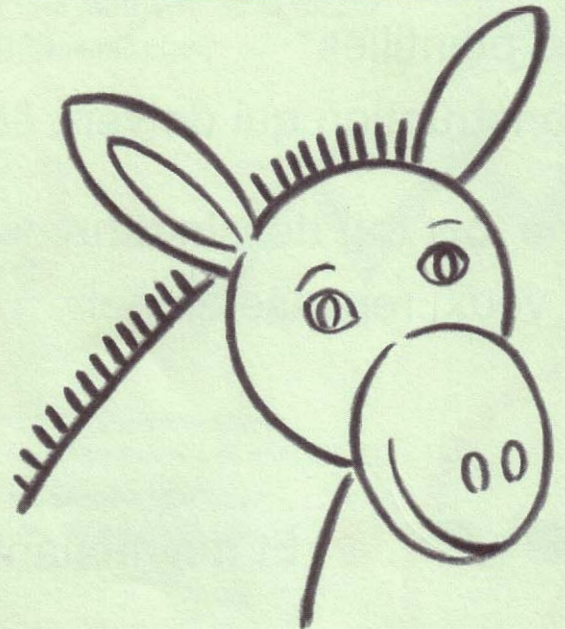

L'ami des enfants...

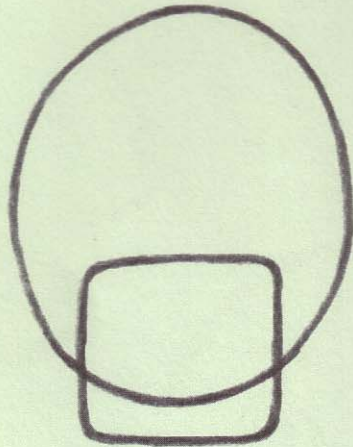

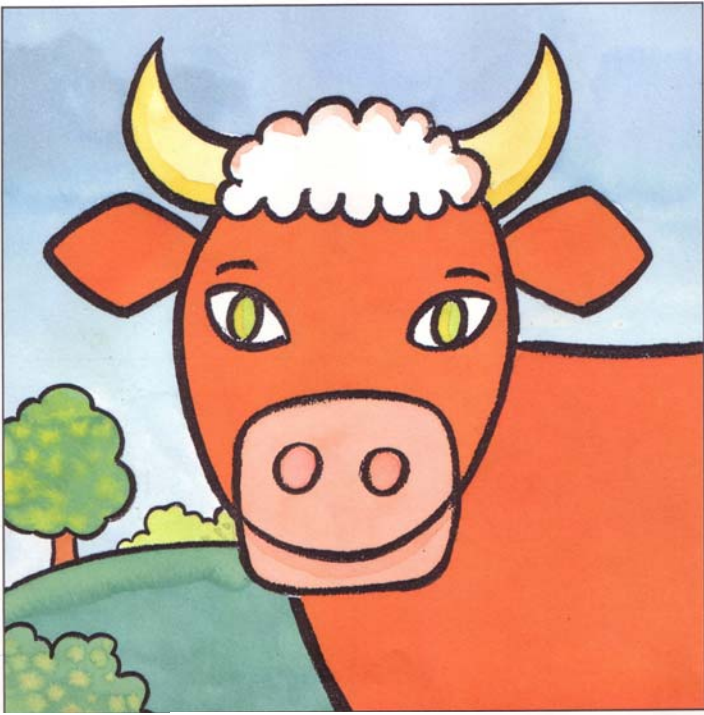

a le museau blanc...

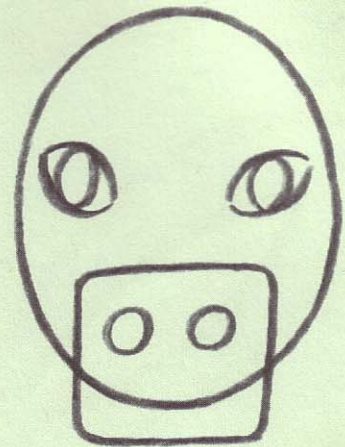

et de grandes oreilles.

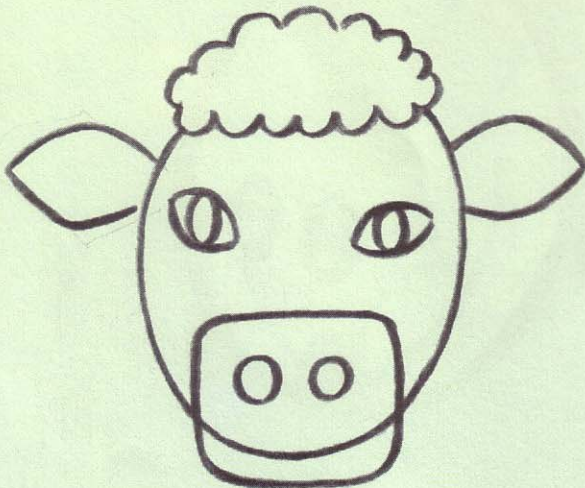

# La vache

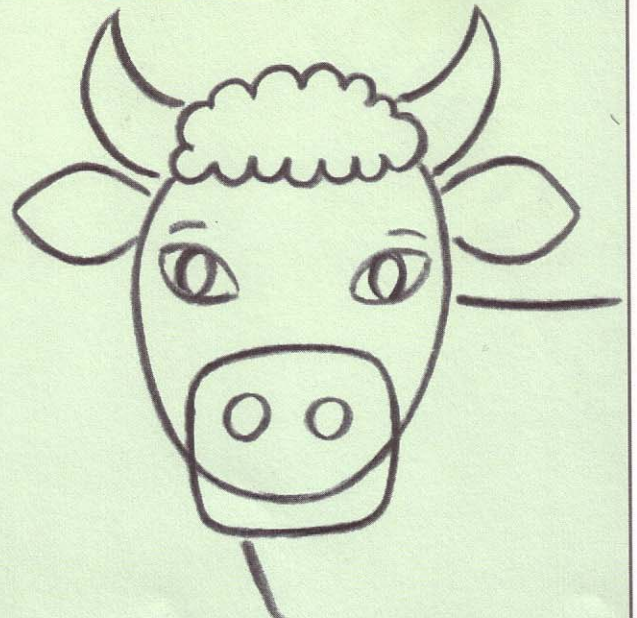

Le nez rose...

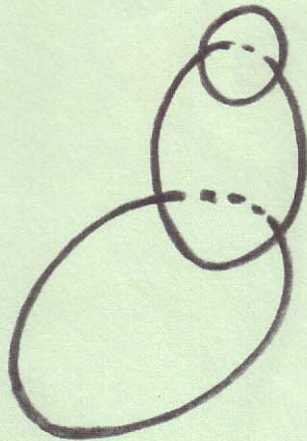

et l'œil étonné...

quand on lui fait les cornes.

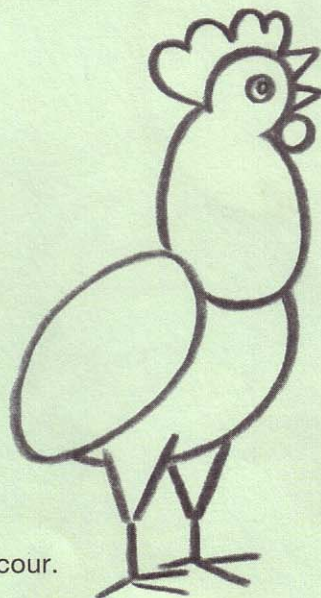

# L e coq

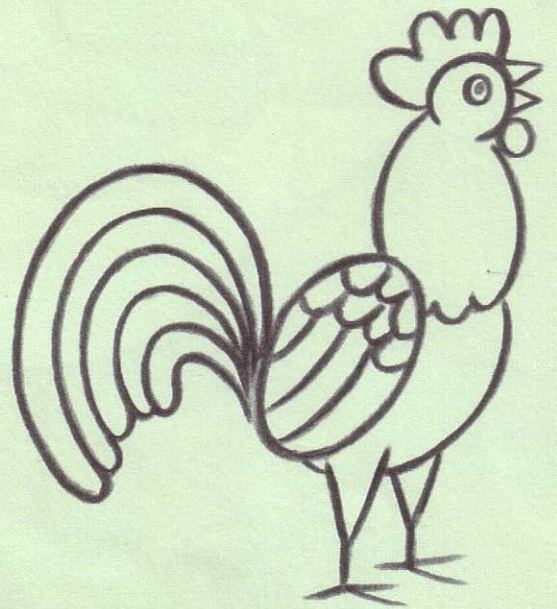

Cocorico...

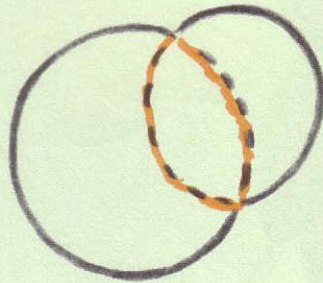

Voici le ténor...

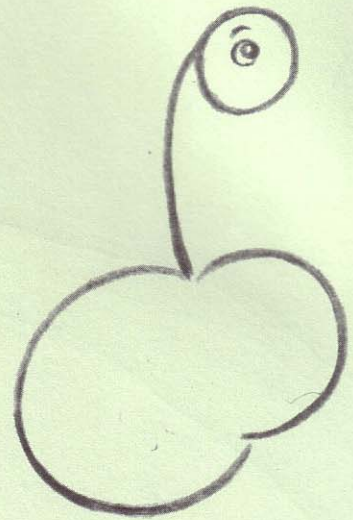

de la basse-cour.

# L' oie

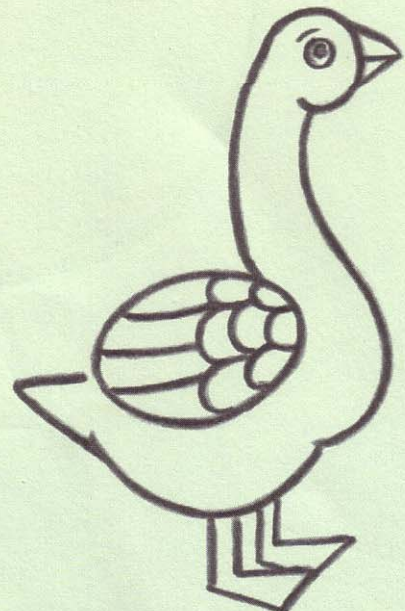

Une oie, deux oies, trois oies...

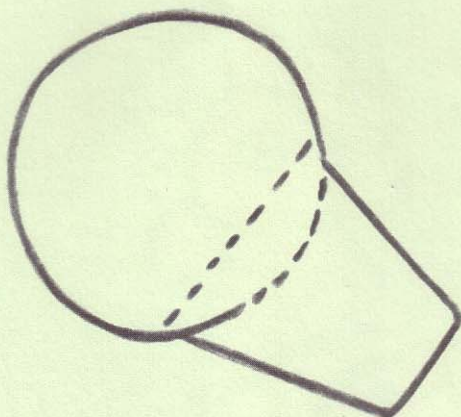

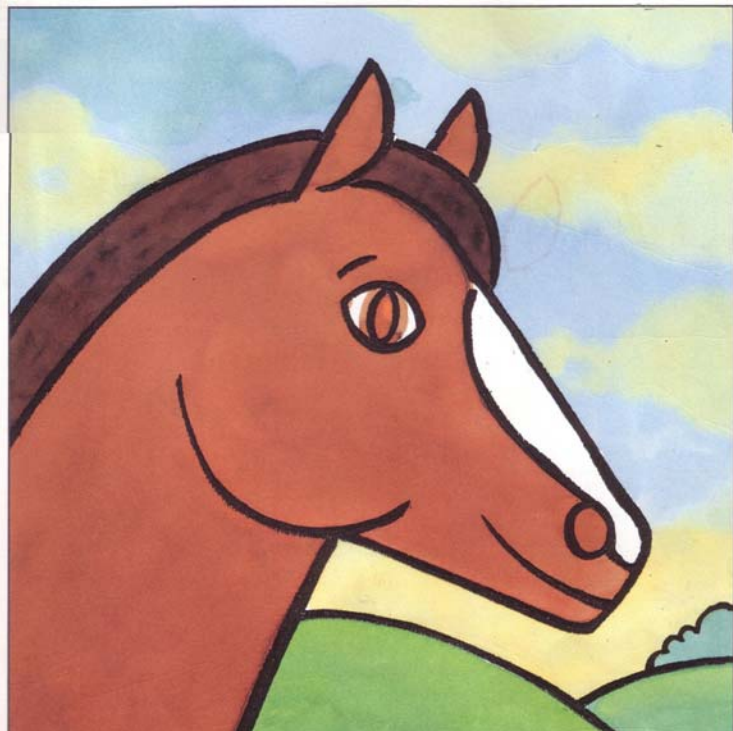

quatre oies, cinq oies, six oies...

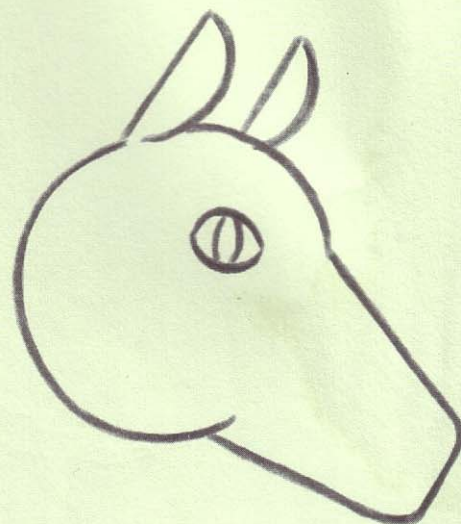

C'est toi  
qui dessineras l'oie.

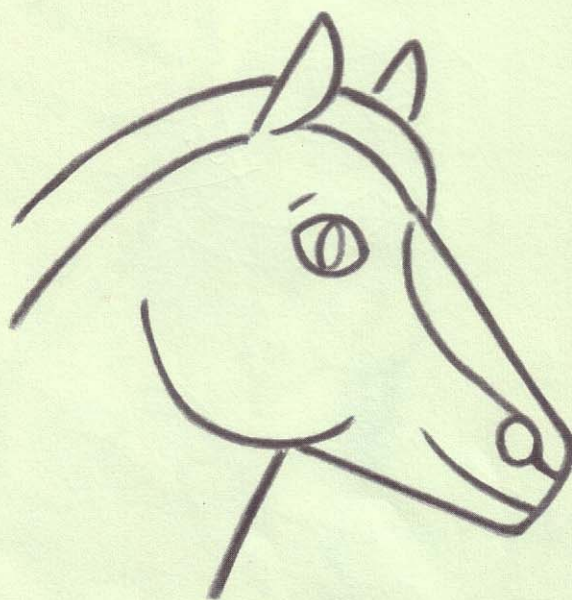

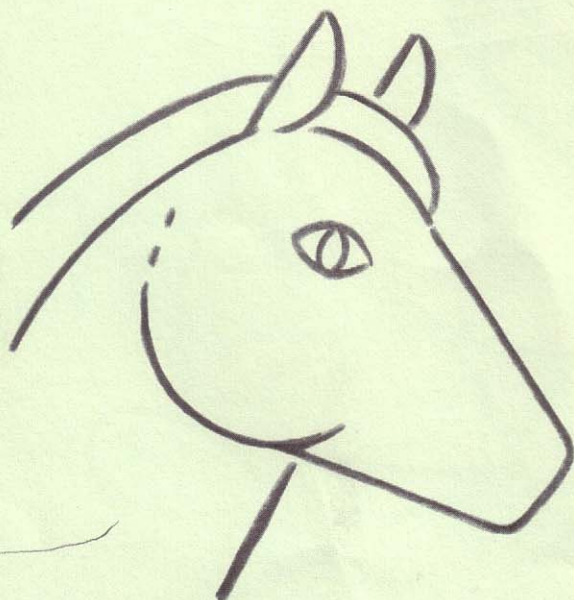

# Le cheval

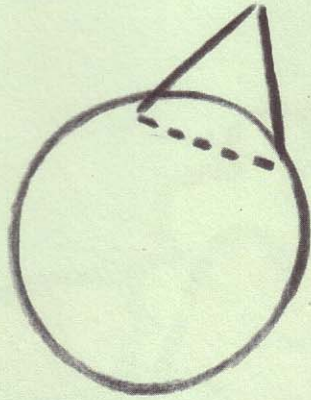

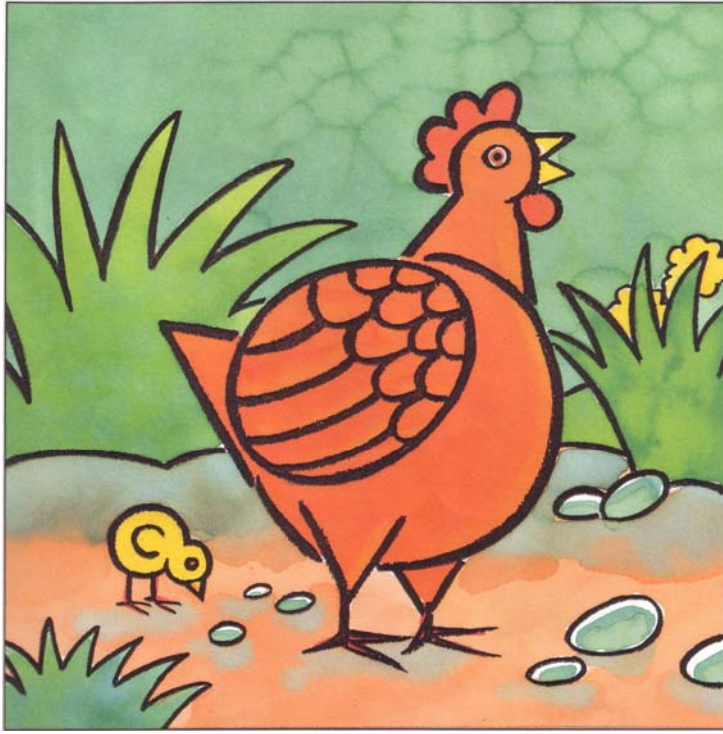

Cercle, trapèze, quelques lignes...

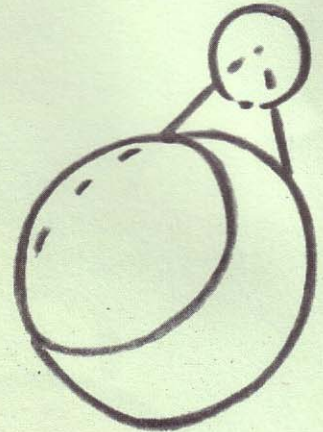

et voici un cheval de trait.

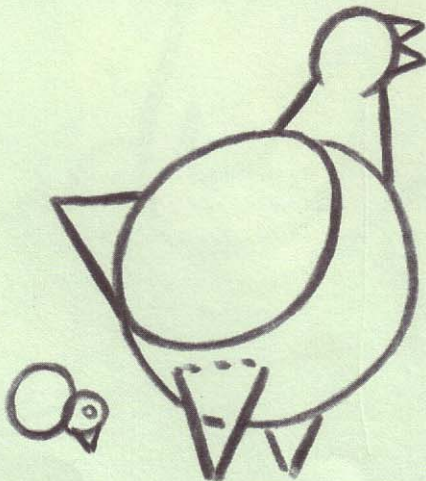

# La poule

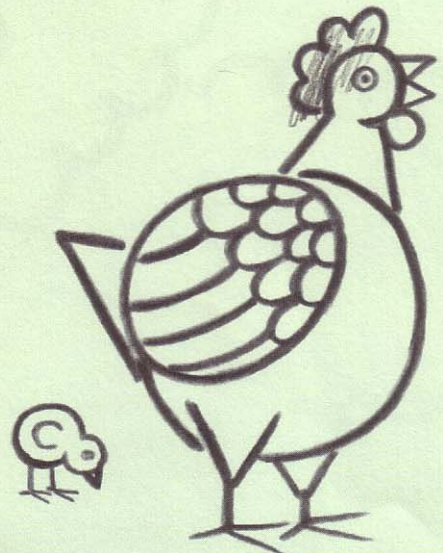

Cot, cot, cot...

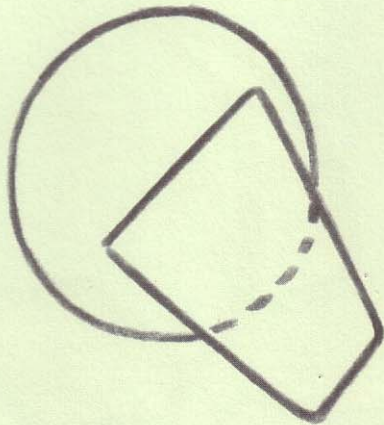

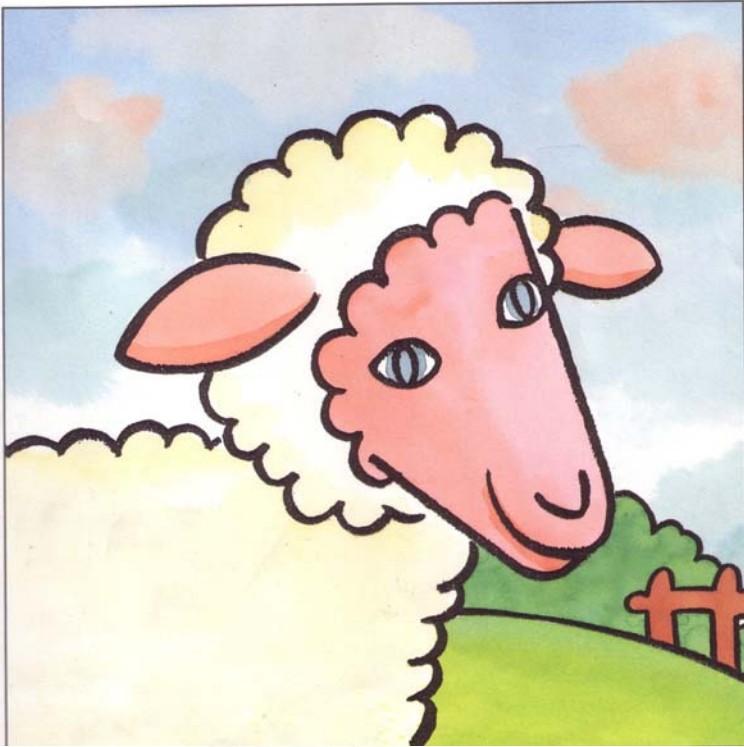

Ce n'est pas une cocotte en papier...

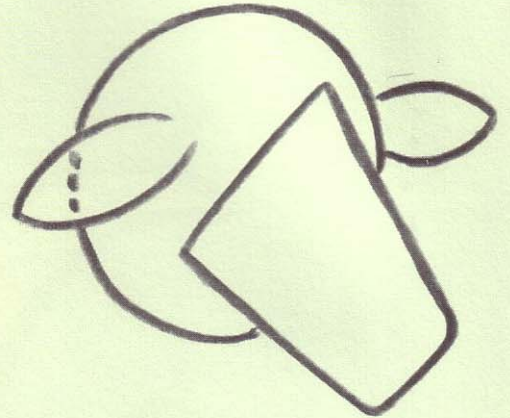

Elle sait chanter et caqueter.

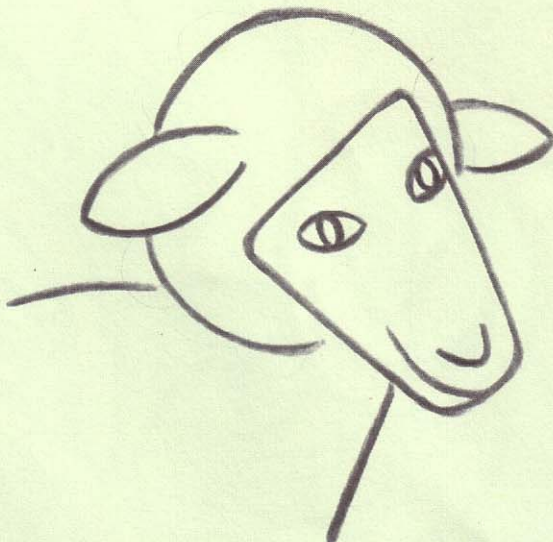

# Le mouton

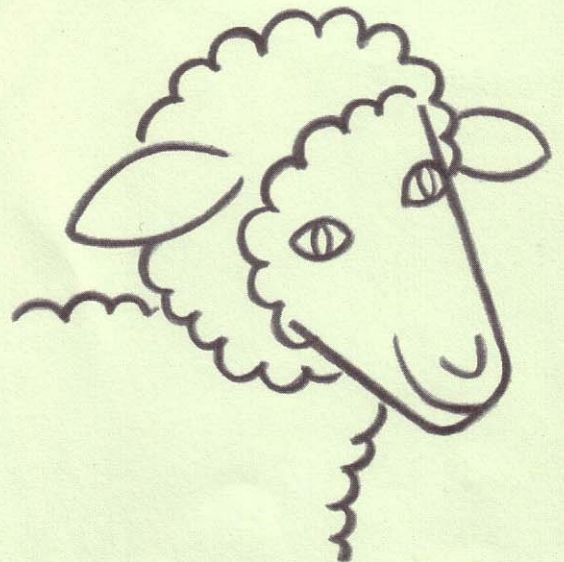

Bonjour le mouton...

à la toison...

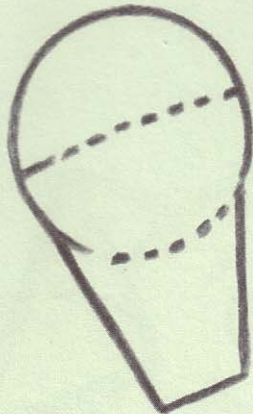

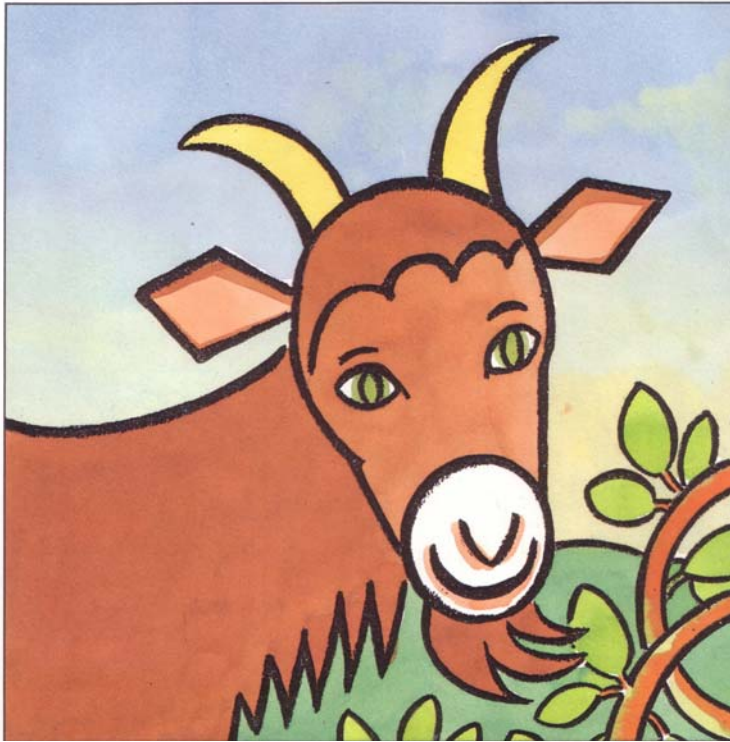

comme un nuage de coton.

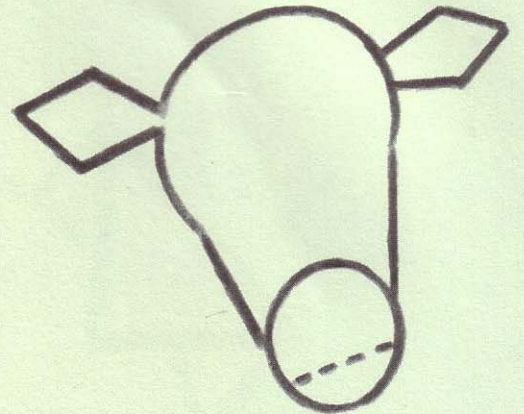

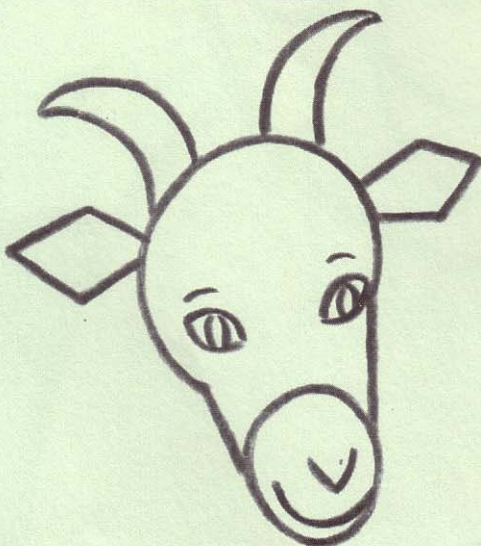

# La chèvre

Voici la tête de biquette...

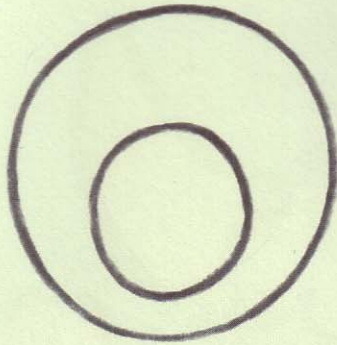

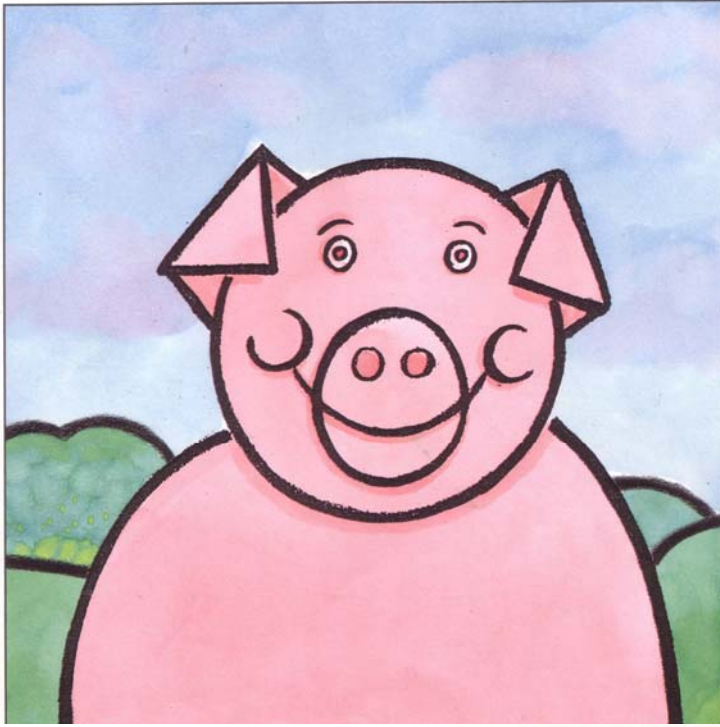

les oreilles en feuilles de chou...

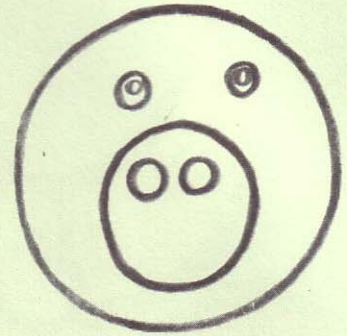

et le menton en barbichette.

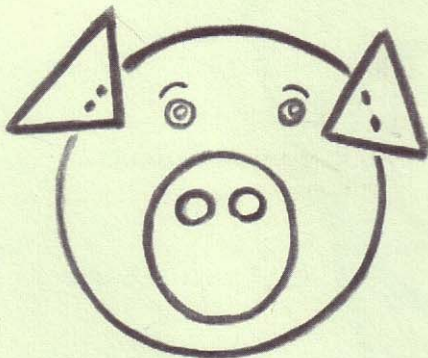

# Le cochon

Tout en rondeur...

le gros cochon...

ne fait pas beaucoup de sport.
